

CMPUT 301 Team 28 - Marshmellow Storyboard

Note: Please download the PDF to use the links and understand the app flow.

Log In Screen:

A mobile app mockup for the 'Marshmellow' login screen. The screen has a light gray background. At the top, there is a black status bar with white icons for Wi-Fi, cellular signal, and battery, along with the time '07:53'. The app title 'Marshmellow' is centered in a large, bold, black font. Below the title are two white input fields with black borders. The first field is labeled 'Username' in a light gray font, and the second field is labeled 'Password' in a light gray font. Below the password field is a large, black, rounded rectangular button with the text 'Log In' in white. Further down, the text 'If you do not have an account yet:' is displayed in a black font. Below this text is another large, black, rounded rectangular button with the text 'Sign Up' in white. At the very bottom of the screen is a black navigation bar with three white icons: a triangle pointing left, a circle, and a square.

Rider/Driver Selection Screen:

Rider Initial/Main Screen:

Rider New Request Screen:

A mobile application screen for creating a new request. The screen features a black status bar at the top with icons for Wi-Fi, cellular signal, and battery, and the time 07:53. Below the status bar are two input fields: "Start Location (Default is Current Location)" and "End Location". A large white card with a shadow contains four identical sections, each titled "List of Nearest, Most Relevant Search Items". The screen is framed by a black Android navigation bar at the bottom with back, home, and recents icons.

Rider Payment Page:

(Note: After QR Code is scanned, the app returns to [rider initial screen](#))

The image shows a mobile application interface for a rider payment page. At the top, there is a black status bar with white icons for Wi-Fi, cellular signal, and battery, along with the time 07:53. The main content area has a light gray background. The word "Payment:" is displayed in a large, bold, black font. Below it is a large QR code. Under the QR code, there are two buttons for rating: a thumbs-up icon and a thumbs-down icon, both in black. Below the rating buttons, there is a "Tip:" label followed by a text input field containing "\$0" and a small spinner control with up and down arrows. At the bottom of the main content area, the text "Fare Total: \$XX.XX" is displayed in a bold, black font. The bottom of the screen features a black navigation bar with three white icons: a back arrow, a circle, and a square.

Edit/Create Profile Screen:

The image shows a mobile application screen for editing or creating a profile. At the top, there is a black status bar with icons for Wi-Fi, cellular signal, and battery, along with the time 07:53. The main content area has a light gray background. The title 'Edit/Create Profile:' is displayed in a large, bold, black font. To the right of the title is a small square profile picture of a man. Below the title, there are five text input fields, each with a light gray placeholder text: 'Name', 'Username', 'Phone Number', 'Email Address', and 'Address'. Below these fields, the text 'Current Balance: \$50' is displayed in a bold, black font. Underneath the balance, there are two buttons: 'Add Money' and 'Change Profile Pic', both with rounded corners and a light gray background. At the bottom of the screen, the text 'Driver Rating: 5' and 'Rider Rating: 5' is displayed in a bold, black font. The very bottom of the screen features a black navigation bar with three white icons: a triangle pointing left, a circle, and a square.
